This is a classic washitsu house, we use the screen doors as the section line, dividing the room into 3 sections, you can rest, sleep, and bathe here. The highlight of the room is the rattan element displays in the furniture, this is the perfect match with the blue bedsheet. And the bathing area is another gem, cute, chill, a great place to relax. So that's the general philosophy for this design, and if you enjoy our decor collections, you can check out more creative designs
