In Animal Crossing, you can't really put on the real window indoors and let the sunshine come in, so the lighting is important, especially in the bathroom. This room is the perfect example of utilizing lighting properly. It makes the room feel as if there is actual sunshine coming in from a skylight window above. And the decor of this multifunctional bathroom is generally very minimalism, Pinterest vibe. The noir and beige mosaic wall tile are bomb. And to match it, we have the matte nude white iron shelves and the white marble bathtub. So that's the general philosophy for this design, and if you enjoy our decor collections, you can check out more creative designs on [akrpg.com](http://akrpg.com), we also provide services for you to [Buy Cheap ACNH Items](#), [ACNH Bells](#), [ACNH Nook Miles Ticket](#) here at [Akrpg.com](http://Akrpg.com)!
