This is not a general bedroom design idea in Animal Crossing New Horizons, there are lots of cameras that can be used for creating a photographic studio, such as Video Camera, Surveillance Camera and Studio Spotlight. You can use it as a master bedroom to watch TV and movies, sleep and also take a shower due to the placement of Cypress Bathtub. Glass Holder With Candle put on the Rattan End Table which is beside Rattan Bed. Or it can also be used as a photo studio to take photographs. The addition of plants and other [ACNH items](#) fits the theme well.
