If you like the zoning layout of the room steps, then you will love this room, the warm pink and white walls are decorated, the room is divided into three areas, covering study, cooking, entertainment, and rest. Did you see a bookcase with books placed directly opposite the door? This is definitely a good place to read, with wooden rattan seats and wooden baskets. In the kitchen area, cooking items are neatly placed, convenient modern kitchen decoration, juicer, blender, microwave, kitchen utensils, etc. are placed. The green leather double sofa in the entertainment and leisure area is particularly eye-catching, which is a good place to rest, and the crystal glass is full of a warm fairy tale atmosphere!
