This is a modern and very stylish living room design. The layout of the living room is very simple. The overall color matching is mainly black and white. It has multiple uses. The placement of speakers, pianos, and TVs makes the room have basic entertainment functions for sports. The treadmill is also placed in the living room. Do you want to exercise while enjoying music? The sofa in the living room is relatively large and can accommodate multiple people for use at the same time. At the same time, the living room is also equipped with refrigerators, water dispensers, fish tanks, and other home furnishings.
