In Animal Crossing New Horizons, weâ€™ve noticed that a lot of modern home designs really like ironwood set furniture. This idea is pretty basic, but the execution is on point, we dare to say flawless. All the [ACNH furniture](#) comes from the ironwood series in basic oak color. Some essentials youâ€™ll need here include basic living room furniture. such as an Ironwood Kitchenette, Ironwood Cupboard, Gas Range, Magnetic Knife Rack, Pot Rack, and Ironwood Dressers. Thatâ€™s right, youâ€™ll also need a Kitchen Island, and Diner Counter Chairs to create the dining area. What makes this room stand out is the vast amount of decorations, primarily from the cooking-related items and plants such as Fruit Basket, Cherry-blossom Bonsai, Kettle, Mixer, and more.
