This bright and modern kitchen is simple but not monotonous, the use of whites, blue silver from wallpaper, and [ACNH furniture](#) gives off a cool and calm impression for a more soothing vibe. You'll obviously want the Caf -curtain Wall wallpaper and typical kitchen room furniture like Gas Range, Ironwood Kitchenette, and Refrigerator. Brown Iron-parquet Flooring and Yellow Kitchen Mat help tie the room together if they match other colors in the room, such as the sofa or recurring furniture hues.
